

Lehigh Valley IMC Club Chapter Meeting

The Lehigh Valley IMC Club Chapter provides organized “hangar flying” focused on building proficiency in instrument flying. We believe that safety and proficiency are developed through education and experience. Monthly meetings use real world scenarios at each monthly meeting to engage our members and allow them to share and build their experience. You do not have to be instrument rated to attend, and pilots of all levels and abilities are encouraged to attend and participate. Click on the link below and register today as seating is limited!

Directions: Please see map link for directions, see front desk for meeting room number.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
